## Industrial Use

Automatic water pump  
Digital panel  
RH and temperature sensors  
Hour counter  
Electrical control with auto restart

Voltage:  
115V 60HZ  
Amp Draw:  
7.3 Amps  
Weight:  
81 lbs

Designed to withstand the rigors of the toughest spaces, the BD-76 can go into construction zones and buildings damaged by flooding and other water accidents and work hard overnight or continuous for days at a time without you worrying about it.
