

# 25FT PVC FLEXIBLE PVC HOISING

DIAMETER: 10 INCH

**PORTABLE & FLEXIBLE**

**HEAVY DUTY MATERIAL**

**REINFORCED DESIGN**

**D-SHAPED RINGS**

**WIDE APPLICATION**

## Reinforced Design

Wear resistant professional industrial adhesive tape and thickened high carbon wire spring ensure rings to be practical and durable.

## D-shaped Rings

D-shaped rings are set for hanging the ducting freely on walls or pillars. Two stainless steel rings at the two end of the duct and the rest rings fixed one meter for one ring.

## Wide Application

Our heavy duty 10 inch duct designed for ventilation applications including duct fans and vent exhausts in factories, basements, farms, manufacturing, tunnel, automobile, chemical, etc.

**ADJUSTABLE ROPES**
